ABOUT ME

I am currently a five-year student at the Institute of Technology of Cambodia, pursuing a degree in Information and Communication Engineering with a deep passion for Website development. I am enthusiastic about the opportunity to apply my academic knowledge in real-world scenarios and gain valuable hands-on experience through an internship in the website field. I am known for my collaborative spirit, positivity, and unwavering commitment to excellence. I would be honored to contribute to your team and engage in challenging projects.

UX/UI Design

EXPERIENCE

FULLSTACK DEVELOPMENT INTERN AT ITC

- **Frontend Development:** Designed and developed user-friendly interfaces using Next.js and Tailwind CSS to ensure a responsive and modern user experience. Implemented dynamic UI components like animated slideshows, pagination with dots, and modals for CRUD operations.
- **Backend Development:** Developed RESTful APIs using Express.js and MySQL.

FRONT-END DEVELOPMENT INTERN AT ITC

- **Tools and Methodologies:** Figma for creating and collaborating on UX/UI designs.
- **Wireframing and Prototyping:** prototypes using Figma to visualize the GIC Archive structure and flow.
